        <p>
            Noir Ember is a captivating fragrance inspired by confidence,
            sophistication and timeless elegance. Its character brings
            together smoky woods and warm amber, creating a deep and
            memorable scent for those who appreciate a refined presence.
        </p>

        <p>
            The opening introduces a warm, expressive impression before
            settling into a rich woody character. As the fragrance develops,
            amber adds softness and depth, while smoky notes give it a
            distinctive finish. The overall profile is designed to feel
            elegant without being overpowering.
        </p>

        <p>
            Wear Noir Ember for evening occasions, special gatherings or
            whenever you want a confident signature scent. Apply to pulse
            points and allow the fragrance to settle naturally.
